

Computer Contract 2009-2010

Computer Expectations

- I will obey immediately, exactly, and with a smile.
- I will use the computer only with permission.
- I will only use the websites posted on my classroom webpage/blog.
- I will be a cooperative partner/group member.
- I will treat the computer as a tool and not a toy.
- I will treat all school property gently and with respect.

If the Expectations are not met...

- Depending on the circumstances, I may not be allowed to use the computer for the day, week, month, or even the entire school year.
- I know I will be responsible for completing an alternate assignment, determined by my teacher, if I cannot use the computer.
